

# YOUTH SKILLING AND CAREER DEVELOPMENT PROGRAM

## APPLICATION FORM

The youth skilling and career development program is an initiative by NUCAFE to foster youth coffee entrepreneurship & agribusiness skills development and career growth with other innovations along the coffee value chain. Furthermore this programme is implemented with support from AVSI SKY project among other partners.

Some of the programs involved in this initiative include:

- a) **Internship:** This is a 3months program that is usually applicable to both graduands and graduates
- b) **Volunteering :** This is a 6 months program offered to graduates in all fields
- c) **Earn As you Learn:** This is a Three(3) months program that is applicable to both graduates and graduands in a particular field to learn ,acquire or even innovate in the coffee value chain but as they earn a particular amount of money according to performance.
- d) **Post high school skilling program:** This is a six(6) months program that is only applicable to both senior six vacacists and continuing high school students that are interested in entrepreneurship.
- e) **Coffee value chain skilling:** This is a tailor made program that takes a period of four (4) months of need at all levels of value chain.( mother garden/nursery establishment, coffee farming, bulking, secondary processing, quality management ,coffee shop management and marketing)

**Note:** This application is to be filled by only the youth (18-35years as per definition of the Employment Act 2006) and all the necessary support documents should be attached.
